COMPASS Programs make up the various services available at David & Margaret dedicated to supporting youth and young adults who have aged out or are aging out of foster care.

1 in 2 youth who age out of foster care end up incarcerated or face immediate homelessness, 47% face unemployment, 1 in 3 face food insecurities and 1 in 4 don’t graduate from high school.

These programs actively fight these unacceptable statistics and improve the quality of life for young adults with a history of foster care.
